

# Nintendo 2DS Battery Replacement

This guide details how to replace the battery on the Nintendo 2DS.

Written By: Fina Beauchamp

## INTRODUCTION

This guide illustrates how to remove the upper rear panel from the Nintendo 2DS to access the battery and other parts of the device.

### TOOLS:

- [Phillips #000 Screwdriver](#) (1)

### PARTS:

- [Nintendo 3DS Battery](#) (1)

## Step 1 — Battery

- Using the #000 screwdriver, unscrew the two 1.587 mm Phillips screws on the upper rear panel.

ⓘ The screws will not completely detach from the back panel.

## Step 2

- Hinge the upper rear panel upwards and outwards to remove it.

- Remove the battery from its housing by lifting it up from the side closest to the outside edge.

To reassemble your device, follow these instructions in reverse order.
